OPPOSITION TO REGISTRANT’S MOTION FOR SUSPENSION OF PROCEEDINGS

Petitioner Austin Precision Products, Inc., d/b/a LaRue Tactical ("LaRue Tactical" or "Petitioner") hereby files this opposition to the Motion for Suspension of Proceedings ("Motion for Suspension") which was filed by Registrant on April 8, 2010 and served on Petitioner by First Class Mail.

1. Registrant filed the Motion for Suspension pursuant to 37 CFR § 2.117 and Trademark Trial and Appeal Board Manual of Procedure ("TBMP") Chapter 510.02 (a). Registrant requested that the current cancellation proceeding be suspended pending a final determination in a civil litigation action pending in the United States District Court for the District of Massachusetts, Civil Action No. 1:09-CV-10034 (the "Civil Action")¹. In its Motion for Suspension, Registrant claims that Registrant has sued Petitioner for infringement of US

¹ See the Civil Action original complaint, answer and counterclaims and second amended complaint, second amended answer and counterclaims attached to Registrant’s Motion for Suspension of Proceedings filed on April 8, 2010.

Trademark Registration No. 3466163 (“Reg. No. 3466163”) and that the pending Civil Action will have a direct bearing on the cancellation proceeding for Reg. No. 3466163.

2. The suspension of proceedings in the United States Patent and Trademark Office is governed by 37 CFR § 2.117 (*Suspension of Proceedings*) which states:

(a) Whenever it shall come to the attention of the Trademark Trial and Appeal Board that a party or parties to a pending case are engaged in a civil action or another Board proceeding which may have a bearing on the case, proceedings before the Board may be suspended until termination of the civil action or the other Board proceeding.

(b) Whenever there is pending before the Board both a motion to suspend and a motion which is potentially dispositive of the case, the potentially dispositive motion may be decided before the question of suspension is considered regardless of the order in which the motions were filed.

(c) Proceedings may also be suspended, for good cause, upon motion or a stipulation of the parties approved by the Board.

3. Pursuant to 37 CFR §2.117 (a) and TBMP Chapter 510.02 (a), Petitioner objects to Registrant’s Motion for Suspension on the grounds that the parties engaged in the Civil Action are not the same as the parties to the pending cancellation as is clearly required.² While Petitioner is a party to both cases, the Civil Action has been brought by Atlantic Research Marketing Systems, Inc. (“A.R.M.S.”), a Massachusetts corporation which is not a party to the cancellation proceeding for Reg. No. 3466163. The Registrant in this cancellation proceeding is Richard E. Swan, an individual. Therefore, Registrant’s statement in its Motion for Suspension that “Registrant has sued Petitioner for infringement of Trademark Registration No. 3466163”³ is not correct, rather the corporate entity A.R.M.S. has sued Petitioner. The Civil Action documents are clear: Registrant (Richard E. Swan) is not a party to the Civil Action.

² Registrant also cites *General Motors Corp. v. Cadillac Club Fashions Inc.*, 22 USPQ2d 1933 (TTAB 1992) in support of its Motion for Suspension however, in the cited case, the parties in both the civil action and the TTAB proceeding are identical.

³ See Registrant’s Motion for Suspension of Proceedings, Paragraph 1.

WHEREFORE, given that the parties to the Civil Action and the cancellation proceeding for Reg. No. 3466163 are not the same as required by 37 CFR 2.117 (a), Petitioner respectfully requests the denial of the Motion for Suspension.

Dated: April 28, 2010

Respectfully submitted,

/Gail Taylor Russell/
